EXTRA CLOTHING FOR COLD/WET WEATHER: The nurse's office is recommending that you have an extra shirt, pants, or slacks, underwear and socks sent to school in a bag and keep in your child's locker in case of a need to change clothes. The nurse has a minimum of extra clothing in case of a need to change. Wet weather and accidents do happen and we can help your child change and be clean and dry for the day. The soiled clothing will then be sent home in a bag in your child's back pack. Please resend replacement clothing so that a set is always on hand. Questions, contact Nurse Mary at 763-549-2322.

COLD WEATHER: Minnesota is the land of ice, snow and cold weather during our winter months. We continue to see students coming to school without proper protective outer wear such as heavy coats, hats, boots and mittens. Frostbite can occur quickly and is very painful. Please be certain that your children are dressed appropriately for our winter weather and if your child needs protective clothing, please inform our office.

HAPPY NEW YEAR!: Welcome back students and families to the 2017 school year. Your student has many opportunities for academic success from now until the end of the school year. Set a time for your child to read at home daily. Good reading habits lead to high academic achievement. As always, we are here to meet your needs. Let us know how we can help your child succeed.
