### Focus on Fitness

Park Brook Elementary has embraced the research that indicates increasing physical fitness and movement increases academic growth and positive behaviors.

**Focus on Fitness** is designed to assist with closing the achievement and opportunity gaps.

**In the 61st year....building on our past....continuing to grow!**

- In the 2018-2019 school year, according to the MAP assessment, 92.3% of groups and subgroups were in the green/blue zones for meeting or exceeding expected growth in math. Park Brook had the highest percentage in the district.
  - Park Brook had the 5th highest average percentile change in math in the district, out of 16 schools.

- In the 2018-2019 school year, according to the MAP assessment, 76.9% of groups and subgroups were in the green/blue zones for meeting or exceeding expected growth in reading. Park Brook had the second highest percentage in the district.
  - Park Brook celebrated with two other schools for the highest percentile change in reading in the district, out of 17 schools.

**Green zone represents 60+% meeting or exceeding expected growth, and blue zone represents 70+.**

### Strategies

Specific strategies are included in the Site Improvement Plan which can be located on the Park Brook Website. Strategies are included for the following areas: reading, math, behaviors, and family engagement.

In addition, the Site Improvement Plan contains information regarding Focus on Fitness, and the math instructional model.
