<b>After School Objective</b>	Create a drama free environment by learning self-confidence and practicing self-love through discussions, activities, journaling, etc.
<b>Additional Information for Students, Parents and Teachers</b>	<p>This is a separate permission slip from after school activity. They will need to turn in this one and other if planning to attend girls' group. Also, this afterschool activity will focus on some sensitive topics, so confidentiality within the group is important. If your student cannot comply with the confidentiality of this afterschool program, they will be dismissed.</p> <p>This after-school activity is self-referred, meaning it is completely up to the student to join or not. Staff might make suggestions or referral to the group; however, it is still up to the student to join or not. It is not a required program if referred by a staff member. The programing will not be affiliated with the counseling department. It is meant to reach targeted services and enrichment opportunities for student. The extensive intervention within the counseling department happens during the school day and will not be documented for data purposes.</p> <p>The new targeted service (after school) will require 100% attendance to the specific program. If your student misses more than 3 days of the group, they will be dropped from target services all together until a new session is available. If you have any questions, please feel free to contact Ms. Xiong.</p>

***Brooklyn Middle STEAM School offers students a broad range of academic and extra-curricular activities outside the school day. It is a privilege to participate in an extra-curricular activity after school. Students must treat extra-curricular activities with the same code of conduct as a regular school day. By signing below you and your student agree that they will follow the Brooklyn Middle STEAM School bulldog way and comply with all rules/expectations for District 279 and/or BMS, as well as any guidelines set forth specifically for this afterschool program.***
